XIX. Old Business

A. Required and Recommended Renovation Work Project

1. Recent local library projects—Director Kowalcze contacted other libraries that have undergone renovations or are planning renovations soon. She provided the board with details from each project, including the reason for the project, how it was or will be funded, and the impact or projected impact on service to the public. Info on Ozinga charitable giving showed donations to only one charity, but still a good opportunity. Director Kowalcze noted that Mokena Library is also discussing seeking a donation from Ozinga.
2. Master planning— After reviewing where the Board is in this ongoing plan, President Look will establish a Renovation Committee. This will be done after the Trustee vacancy is filled and after Board Discussion of the process to establish this committee. Trustee Wagner discussed the helpfulness of a renovation committee from previous community’s library. Members of the Citizens Advisory Committee agreed that they would be interested in serving on a renovation committee. Board members discussed planning out renovation phases that can be executed over years. Trustee Look recommends that the renovation committee be created after the trustee vacancy is filled and any other Citizens Advisory Committee members are selected so that those members could join the renovation committee.
3. Library foundation and fundraising—Director Kowalcze attended Foundations, Friends, and Fundraising talk at Oak Lawn Public Library, along with two members of the Friends of the Frankfort Public Library. Director Kowalcze shared learnings, including that bequests in wills are more likely with a foundation. Public funds cannot be used to develop the foundation.

She discussed the importance of avoiding overlap between foundation work and Friends work.

- B. Trustee Vacancy—10 applicants to be reviewed by trustees.

Motion made by Trustee Karabis to move New Business section before Executive Session on meeting agenda. Seconded by Trustee Wagner. All trustees voted “Aye.” Motion carried.

- B. FY24–25 Capital Priorities

Motion made by Trustee Wagner to approve the FY24–25 Capital Priorities. Seconded by Trustee Drisko. Garage door replacement recommended to increase insulation. West End digital HVAC control is vulnerable to hacking and needs to be replaced. Reading room regrading project is tentatively planned if Illinois State Library matching grant is approved. Tactile warning pads along library drop-off lane moved down on priority list, as concrete company said current concrete is in good shape and it makes more sense to wait until the concrete needs to be replaced.
